

Luxe Destination Weddings Announces Partnership with Windjammer Landing

Luxe - Windjammer Weddings

TORONTO (June 1, 2006) - Luxe Destination Weddings Inc. has recently partnered with St. Lucia luxury hotel Windjammer Landing Villa Beach Resort. Windjammer Landing offers Luxe clients an exotic Caribbean retreat for destination weddings.

The new Luxe-Windjammer wedding offers destination brides and grooms a free wedding package for group bookings, and a private group champagne check in upon arrival at the resort. The wedding package includes unique romantic options for wedding ceremonies and receptions that will compliment the natural beauty of the island and the resort.

“With the new Luxe-Windjammer wedding packages, I expect many Luxe clients will be saying their vows barefoot on Windjammer’s beach next year,” says Tara Scher, CEO of Luxe. “We have been working closely with Windjammer to create wedding packages that will exceed our clients expectations.” Says Lynne Cram, Executive Vice President of Windjammer: “I am very excited about our relationship with Luxe. We feel that Windjammer is truly the most romantic resort in the Caribbean, and Luxe will ensure that the bridal couple can relax and enjoy their special day while Luxe takes care of all the details. Luxe ensures that the family and friends not only rave about the wedding day but are also rewarded with a first class celebratory holiday.”
